Year 6/7

We are very excited in the Year 6/7 classroom and looking forward to the year ahead. Both grades will be going on to High School in 2015 so there will be lots of preparation for a smooth transition. We are also in the process of organising senior shirts for both Year sixes and sevens and getting ready for the school camp on 10th-12th March.

We are well underway into our first units across all curriculum areas:
* In **English** we are working on persuasive texts in advertising.
* In **Maths** the Year 6/7s are working on number and place value, fractions and decimals, chance and data representation and interpretation.
* In **Science** we are working on a ‘Water’ unit with the emphasis on separating materials from water.
* In **History** we are working on a unit that involves the significant events that led to Federation in Australia. We will be also looking at the fight for women’s rights in Australia.
* In **Geography** our unit involves learning about countries in Asia.

CHASS is handed out each Monday and is to be returned the following Monday. PE this term is swimming and it is on Thursdays as is Music. Library is on Mondays and all students are expected to utilise this great facility.

It is imperative that all students attend school every day and are on time (8:25). Our Literacy groups start at 8:45 and we have a group meeting and ‘MindUp’ before that.

I have great expectations for all students and need the support of parents and carers for them to reach their true potential. I look forward to meeting with all parents and carers at our class meeting and also with individuals throughout the term.
